

Valentine's Night

On Screen Photo Submission Instructions

New for Valentine's Night 2026: couples can now share a photo and personal message on the big screen before the movie starts. This special feature is available to Deluxe and Plus tier advance ticket holders. To submit, follow the instructions below:

- 1.) Ensure you purchased Deluxe or Plus tier advanced tickets. Your purchase is complete once you receive an email receipt from our payment processor, PayPal.**
- 2.) Email your submission to valentines@dependabledrivein.com with your chosen photo attached (all major file formats accepted). In the body of the email, include a short personal message to appear alongside your photo (2-3 sentences, ideally under 50 words), as well as the name you'd like used as the message signature. Please also include the name and email address used when purchasing your tickets so we can match your submission to your order.**
- 3.) Once your submission is received and verified, we'll send a confirmation email to let you know everything came through correctly. Photos and messages will be shown at the end of our preshow, immediately before the first movie begins on the evening of 2/14/26. There's no need to worry about which screen you're attending—both Screen One and Screen Two will display all Valentine's messages prior to the start of the first feature.**

SUBMISSION DEADLINE: MIDNIGHT ON FEB 12TH, 2026
